## MATSA TRIMS COLLECTION

---

2

Every year MATSA Textiles develops two new collections (Fall | Winter & Spring | Summer collection) that help our customers achieve the look and appearance of their own ideas. The House of MATSA has been manufacturing Trims in Europe since 1951. We are knowledgeable of color matching and design trends within the Industry. We can help you distinguish your product from the rest. Let us help you in assisting, advising and providing the perfect trim for your unique product.

FASHION COLORS

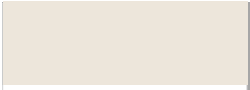

4

Colors s|s 20

A softer approach is pursued with the traditional colors for S|S 20, as a clean effect is applied to some of the traditional primary tones. This is in direct response to the much needed calm and reassurance requested throughout the season, as key tones become more muted than the brightest that have featured in previous seasons.

CORE COLORS – Spring | Summer 2020
